High school courses are offered a la carte. High school students, grades 9th - 12th, are eligible to enroll in any of the courses listed above. Students may enroll in up to 5 courses. Each course is offered for a full year, unless indicated above. We plan to offer additional course options in future years as we grow.

DHA classes will be held on Mondays and Wednesdays, with home assignments provided for the remainder of the week. Parents are responsible for maintaining documentation, determining final grades, and compiling a high school transcript for their student.

### **Tuition & Fees**

1 course: \$70/month

*\*Families with more than one student attending DHA Academic will receive \$5 off each course per month.*

Science courses will require a one-time lab fee of \$50.

Enrollment fee and student fee are also required. See our website for more information.

### **Curriculum**

Parents are responsible for purchasing textbooks and materials for each course. A textbook list will be provided soon.
